

RSC Biological and Medicinal Chemistry Sector Forthcoming Events and Announcements

RSC-BMCS Membership Subscription Renewal

The BMCS were winners of the RSC's Inspirational Committee Award 2015 in recognition of the diversity and breadth of impact of the outreach work undertaken. When renewing your RSC membership subscription, please remember to tick the BMCS membership box. This will also allow us to continue to keep you informed of future BMCS events and benefits. Please pass this notice on to any non-member colleagues who may be interested in joining the BMCS or attending any of our events.

PhD Student and Post-Doc Conference Bursaries

Did you know that most BMCS sponsored meetings have a number of bursaries available for PhD and post-doctoral students? Normally up to a value of £250, these awards help to cover registration and travel costs. Preference will be given to members of the RSC (and meeting co-sponsors if applicable), especially those who are selected to give posters.

The BMCS International Travel Prize

Each year, the BMCS offers a number of Travel Prizes for use in the following year, up to a value of £1,500, to post-graduate students enrolled in research programmes (PhD or Masters) in UK institutions. The closing date for applications is typically mid-November.

Cappps Green Zomaya Memorial Award

Nominations for this biennial award in medicinal or computational chemistry are invited, and the awardee is judged on having made an important contribution to the discovery or development of new medicines. Nominees should be up to the age of 40, the value of the Award is £2,000, and the awardee is asked to deliver a presentation at the Medicinal Chemistry in Eastern England symposium held in May the following year.

Malcolm Campbell Memorial Prize

Nominations for this biennial prize are invited for an individual or team who has made the most significant scientific contribution to biological chemistry. The prize-winner(s) may be from academia or industry, and their work should be timely and contemporaneous. The Prize has a value of £2,000, and is presented at the RSC / SCI Cambridge MedChem symposium in September.

The RSC BMCS Lectureship

Each year, the awardee will be expected to deliver up to six lectures at six UK universities in one academic year, aimed particularly at first-year undergraduates, including an initial lecture as part of the RSC's series of Thursday evening public lectures. The closing date for applications is typically end of October during the previous year.

The RSC BMCS Researcher Mobility Fellowships

The BMCS is pleased to announce the launch of Research Mobility Fellowships to drive excellence in UK-based science. The fellowships of up to £5,000 aim to support short-term placements (up to 3 months) between industry and academia in areas of interest to the BMCS, namely bioorganic chemistry, medicinal chemistry, chemical biology and agriscience. Applications should be jointly submitted by academic and industrial partners by 31st March 2018.

Hall of Fame and Medal

The BMCS is pleased to announce the inauguration of The Hall of Fame and associated medal to recognise prominent chemists for outstanding, sustained, significant contributions to any area of interest to the BMCS, eg medicinal chemistry, agriscience, bioorganic chemistry, chemical biology. Independent nominations may be submitted from March to September.

Forthcoming Events

April 2018

29th symposium on Medicinal Chemistry in Eastern England - 26th April - Hatfield, UK

May 2018

8th RSC / SCI symposium on Kinase Inhibitor Design - 14th-15th May - Cambridge, UK

The closing date for poster abstract submission is 31st March

4th RSC / DMDG / DMG new perspectives in DMPK - 21st-22nd May - London, UK

The closing dates for poster abstract submission is 23rd April

June 2018

RSC-BMCS / RSC-CICAG Artificial Intelligence in Chemistry - 15th June - London, UK

The closing date for poster abstract submission is 13rd April

September 2018

XXV EFMC International symposium on Medicinal Chemistry (EFMC-ISMIC 2018) - 2nd-6th

September - Ljubljana, Slovenia - www.efmc-ismc.org

7th RSC / SCI symposium on GPCRs in Medicinal Chemistry - 10th-12th September - Verona, Italy

The closing dates for poster abstract submission is 11th July

October 2018

3rd Medicinal symposium on Macrocycles - 8th- 9th October - Stevenage, UK

The closing date for poster abstract submission is 8th August

November 2018

2nd RSC / SCI symposium on Antimicrobial Drug Discovery - 12th-13th November - London, UK

The closing dates for abstract submissions are 15th June (oral) and 14th September (poster)

December 2018

12th BMCS Postgraduate Symposium - 7th December - Cambridge, UK

March 2019

Fragments 2019: 6th RSC-BMCS Fragment-based Drug Discovery meeting - 24th-26th March - Cambridge, UK

Recent Progress in Integrin Targeted Drug Discovery - 28th March - London, UK

The closing dates for abstract submissions are 30th June (oral) and 31st December (poster)

May 2018

RSC / SCI Continuous Flow Technology IV - 14th -16th May - Manchester, UK

The closing date for oral and poster abstract submissions is 16th November

June 2019

2nd RSC Anglo-Nordic MedChem symposium - 11th-14th June 2019 - Borupgaard, Denmark

The closing dates for abstract submissions are 31st October (oral) and 30th April 2019 (poster)
